MASSACHUSETTS EMERGENCY MANAGEMENT AGENCY PRESENTS

**THURSDAY, MAY 26, 2016
FOUR POINTS SHERATON
NORWOOD MA**

The 2016 Massachusetts Hurricane Preparedness Conference, hosted by MEMA, will bring together all disciplines and levels of emergency preparedness and response. This year's conference will feature guest speakers from the National Hurricane Center, FEMA Region 1, National Weather Service, and others presenting on hurricane preparedness, response, recovery and mitigation. Interactive presentations and panel discussions will focus on the Commonwealth's resilience for the upcoming hurricane season. This is a great opportunity for participants to share ideas and experiences, gain knowledge, and network with other emergency management professionals.

AUDIENCE

State and local emergency management and public safety officials involved with hurricane preparedness, response, mitigation and recovery efforts.

A formal announcement including registration instructions, directions, and final agenda topics will be distributed soon.
